PRO TIP: Remember to include 30 minutes in your timeline so music will be playing while guests are arriving and being seated at the Ceremony location. For example, if your Ceremony is to begin at 4pm we recommend that Prelude music begins at 330pm to set the mood for arriving guests. (Time is calculated in 30-minute increments)

Additional Options and Services

- **High resolution VIDEO FOOTAGE of your event- \$200-\$400** Pro Videography is expensive, and you don't want your family and friends tied to their cameras while they are supposed to be enjoying the moment with you! This option provides unedited footage shot with a High-resolution video camera. Pricing is determined by amount and quality of the footage we capture. We will capture the video and send you samples and pricing to review after your event. **You pay only if you want to purchase the footage! Please let us know in advance if you are interested in this valuable option, or if you prefer not to have any video taken of your event. We respect your privacy.**

- **Cocktail sound system to provide music during your Cocktail time (Photo hour)- \$150** This is the fee to set up an additional sound system location at the venue. It does not include additional time. (Same venue located within 30 yards of the Reception set up)
- **Satellite speaker connected to main DJ set up- \$200** This provides a speaker connected wirelessly to the main DJ system that allows guests to hear music and announcements in an adjacent room or porch/patio area. (NOTE: Wireless technology has limitations. Please discuss your plans with Michael to see if they are viable for this option.)
- **Projector and screen for slideshows and videos- \$250**
- **Upgraded Sound Equipment with Powerful Subwoofer designed for larger weddings with up to 250 guests- \$100** This upgrade adds a powerful subwoofer to support the deep bass needed for dance music in larger venues or outdoor locations. You may choose not to upgrade your sound system if you like, but we cannot guarantee the volume and bass for larger groups and venues. Please ask Michael about this option if you have a larger group.
- **Dance Floor Lighting- \$100** Studies show that guests are far more likely to dance with colored lighting as opposed to white lighting. (It's science :)

- **Uplighting-\$25 each fixture** Wireless RGBAW+UV Uplighting fixtures with your choice of color for adding magic to the room of your choice. (Some color restrictions apply. Speak with Michael directly for details) [CLICK HERE FOR MORE PHOTOS](#)

UPLIGHTING SAMPLE- YOU CHOOSE FROM MANY COLOR COMBINATIONS

- **Additional travel fee-** Our standard pricing is designed for up to 20 miles from Ladson SC (29456) Travel fees are calculated on case-by-case basis.

Economy Package Key Points:

1. **You will provide URL to Spotify playlists** and we will download in advance and play them for you, making sure everything runs smoothly. We will play your music in the order you have chosen.
2. We have many [PUBLIC SPOTIFY PLAYLISTS](#) available for you if you need help with selections.

The main difference between this package and our PRO WEDDING DJ packages is a PRO DJ will work from your list and add/mix in great music based on what your guests are responding to as well as using a **Professional DJ Mixing board** to make the music flow better for

dancing. Spotify playlists will fade between songs but not intelligently like a seasoned DJ. Great DJs are like musicians, they know how to read the crowd and make them dance!

We have also put together many helpful planning tools to assist you.

We have compiled Timelines, Venue details, Song lists, Planning tips and more!

This info will make your wedding planning process easier and more successful :)

Important Notes-

*This sheet is a guide only. Details and pricing are subject change without notice. **Pricing shown is for local events within 20 miles of College Park Rd, Ladson SC 29456.** Your time begins when we are required to be loaded in and ready to start music, and ends when we are free to shut down and load out. **Stairs, rough terrain, off site or remote parking and/or venue fees may also affect pricing.** Downtown venues and Beach venues often include parking and loading challenges that may affect pricing for all vendors. In this price we must be able to park and load/unload within the venue parking lot. Loading and parking challenges may require additional assistance from our team. Be sure to discuss your venue requirements with Michael Peifer to determine if there are challenges that need to be addressed. (Examples: **Beach weddings, Francis Marion Hotel, SC Aquarium, Mills House, Planter’s Inn, Merchant’s Hall, Upstairs at Midtown are venues that require an additional \$100 fee for loading and parking challenges.** Speak with Michael about these logistics challenges.)
